

2nd Grade Expedition Challenge

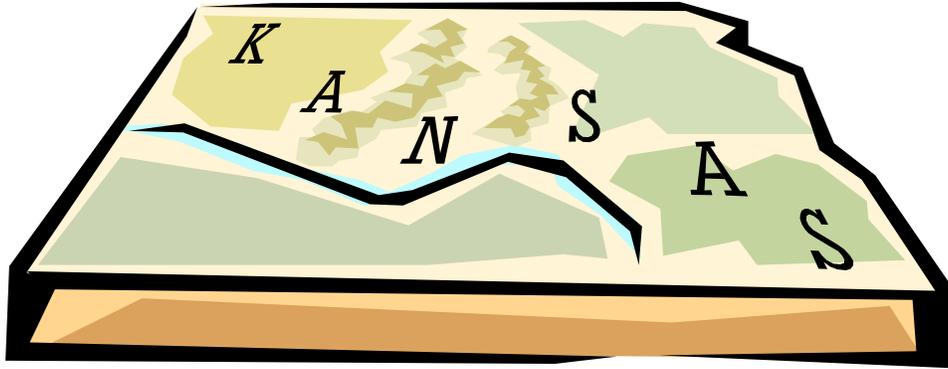

You are faced with crossing the Continental Divide to see if the Columbia River continues Westward beyond the mountains. To accomplish this you and your expedition team must climb the 7,373 foot high Lemhi Pass. Unfortunately there are no trails or roads and you must take supplies with you.

☀ Who will you assign to carry which supplies?

Fire Pit Ring (Hula Hoop)	
Firewood (Noodle)	
Food (Rubber Animal)	
Rope (Jump-Rope)	
Jewelry for Trading (Rubber Rings)	
Clothes (Jackets)	

Expedition Souvenir: 1 piece of rock from Lemhi Pass per team member

Next Stop: Kansas

2nd Grade Expedition Challenge

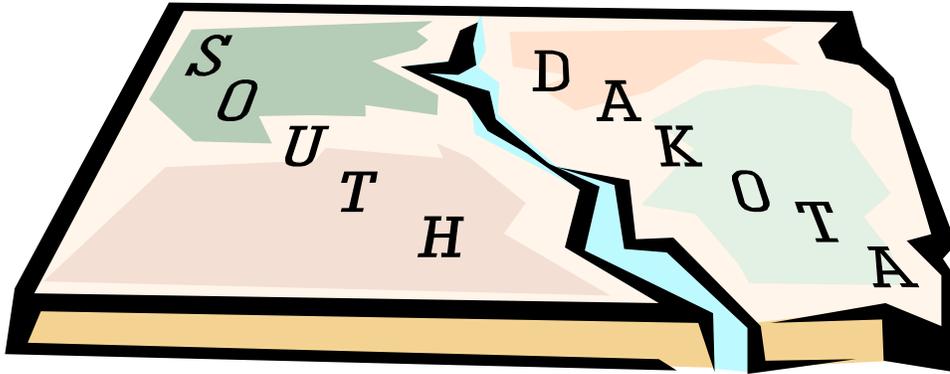

While Passing the Petite River Platte the mast on your boat broke. You decide to set up camp for the night on Diamond Island. However you now must cross over the river to the forest in order to get supplies to rebuild your mast. The only way to do this seems to be by using the rocks and logs that dot the river.

☀ Here is a list of all the materials you need to fix your boat. Be sure to check them off as they are gathered!

2 Large Logs (Noodles)		
2 Metal Bands (Hula Hoops)		
2 Pieces of Rope (Jump Ropes)		

Expedition Souvenir: 1 pipe cleaner

Next Stop: North Dakota

2nd Grade Expedition Challenge

You discover the “Great Bend” in the Missouri River!
By water it is 30 miles but by land it is only 1 mile! You, being the smart explorer that you are, decide to go the land route.

A mile is about equal to 2000 steps. Your goal is to see if you can cover this distance using any movement pattern you want!

Skipping, Jogging, Jumping Rope, Galloping

Stay within the South Dakota boundaries!

Record your steps on the front page!

Expedition Souvenir: Tennis Ball

Next Stop: Oregon
