

April 28, 2016

To whom it may concern:

This letter is to provide support and a full recommendation for the Project Based Learning (PBL) workshop that was held in the Henry County School District just south of Atlanta, Georgia on March 14, 2016 in conjunction with Mark Manross (Executive Director of PE Central) and S & S Worldwide.

After working with Mark for almost six months about the needs in our district, he was able to design a workshop that exceeded my expectations. It was clear that he has a great working relationships with some of the top physical education teachers in the country. We held three separate sessions on March 14. Elementary was led by Brenda Goodwin, middle school was led by Misti Wajciechowski and high school was led by Cindy Kuhrasch. All three presenters flew in from various parts of the country and did a fantastic job.

Our school district is in transition mode from traditional education to a personalized learning model which incorporates PBL. It is my hope that we can continue to partner with Mark and PE Central in the coming months and years.

Finally, with the S & S Worldwide component, we were able to outfit one of our middle schools with some nice PE equipment that we used that day.

If you would like to contact me for specifics, please feel free to do so. My number is 678.860.1969 and my e-mail is curt.miller@henry.k12.ga.us

Sincerely,

Curt Miller, Ed.D.
