Purpose of Event: To assess students cognitive knowledge of the game of tennis.

Suggested Grade Level: 6-8

Materials Needed: [Tennis Test](#)

Description of Idea

Before I begin our tennis unit I have the students complete the following tennis written assessment. This allows me to see how much my students already know about tennis before beginning our tennis unit.

At the end of the unit have the students retake the test to see what they learned.

Variations:

You could also administer a tennis skills pre-test to see how well skilled your students are at the various skills that make up tennis.

Make sure to mix up the questions on the final test and feel free to add more questions.
