

Name/Title: Field of Fun Day

Purpose of Event: To provide an end of the year event showcasing many of the different activities taught during our classes as well as some activities just for fun.

Suggested Grade Level: K-5

Materials Needed: Bottle of water, frisbee, target, marbles, plastic colored eggs, scoops, water containers, sacks, laundry tub, clothes line, clothes pegs, hula hoops, golf balls, spoons, plastic bugs, horse shoes, balls, stacking cups, basket ball and net, tricycles, balls, soccer balls, beach ball, concession stand, wobbler, football

Description of Idea

The field is set up like a carnival, with stations all over the playground. Students may go to any station they want. Teachers bring their students to the area directed and release them. When their time is up, students will return to their assigned spot and return to class with their teacher. Classroom teachers must stay outside in their assigned area and watch for behavior problems.

Students in grades 2-5 will need to pair up with a partner and travel with that partner for the entire time. Some events require a partner. Students can only do each event one time.

K-1 Students will be divided in to groups of 4. 5th grade students will be assigned to classrooms to lead the groups of four around to the various stations.

There will be a concession. Popsicle's will be sold for 25 cents. Students may visit the concession any time during their scheduled time. K-1 concession money should be added to their card so they will not have to carry money around with them. 50 cents is all they will need. (K-1 Teachers are to collect the money, write the amount on the card and turn the money into the concession stand).

We use high school students to run the stations. We do not have much luck getting parent volunteers and this field day requires at least 30 workers or more if possible.

NOTE: Please have appropriate sized equipment available at each station so all ages can perform the station activity.

Grades K-1

1. Mississippi Flood: One minute to try to fill up the bottle with water.
2. Frisbee Toss: Three tries to toss a foam Frisbee at or through a large target.
3. Marble Grab: Students have 30 seconds to try to pick up as many marbles as possible using their toes.

4. Egg Find: Partner event. Students must find eggs that match their color.
5. Scoop Race: Be the first to fill up you container with water.
6. Sack Race: Jump as fast as you can to the finish line.
7. Hang out the Laundry: Partner event. Take an item to the tub and run to the clothes line and hang it up. Run back and tag your partner. Continue for one minute.
8. Hula Hooping: Try to keep the hula hoop going as long as you can.
9. Golf Ball Balance: Balance a golf ball on a spoon (for the younger students use a bigger spoon) and move to the finish line without the ball falling off.
10. Bugs Galore: Partner event. One at a time will run out pick up one bug and run back and tag their partner. Collect as many bugs as possible. This will continue for 45 seconds.
