- District 7E vs. District 7F

We will be starting at **9:05** sharp for field day. It is important you arrive at your station on time because you will be there for **10 minutes** and then rotate to the next station. I will provide a signal (the air horn) to signal your rotation. If you finish early, just take a break (or if time permits restart the station) and then at the correct time rotate to your next station. **Please do not rotate until the horn sounds.**

Below is where your class will begin and attached is a map where the stations are located. Rotate in numerical order (it's a circle) on the signal.
